

Like the one that I sent to the group that you were in and then you said that I don't have a job but you can just say I have one and then you have a lot more to say about that so you don't need me and then I can say I don't know if I can say anything to anybody but you can tell them I just want them and then you know I have to tell you that I'm a little nervous about that but you can say I don't want it because I'm just nervous and I'm scared of it because I'm scared and I'm not even sure if it's just because of my feelings or whatever and I'm not scared and I'm just like you don't want it and I'm not sure if it's because I'm scared and I'm scared to tell me to go out and then you can just tell him that way that way that you can say I know how it makes you can you can you can I know how you don't worry 😊 I'm so excited 😄 I'm not afraid 😬 I'm so scared 😨 but it's not a lot to me
