

Hi!!! 🤗

I'm praying that the world changes soon can't get d00b!3 on a plane but there's uz!3 in our schools 😬

Every dude who touched a b00b or a b00+y getting me too'd what you expect from the kids who went to h00ters after school.

We're all triggered and defensive, we're all r@c!\$t and we're \$3x!\$t

We all grew up watching South Park, how are we offended?

Now being fat is beautiful? Name a thing that you can't do?

Jumping jacks, run a mile, live past 42 😄💧

Man, it used to be cool to just flip a bird to the system And now it's trendy to be triggered and pretend you're a victim It's my r@c3, it's my weight, it's because I'm a Christian I hate the internet and anyone who has an opinion And everybody angry if you say

"white", 'kay, fine Pass me the brush and I'll paint my face 'til the

shade's right Let's talk about abortion, sorry, tell me how this works

Bacteria is life on Mars, but a heartbeat isn't life on Earth? Weird

People are so stupid, why are y'all so stupid? Get better problems, I

swear to God that y'all want 'em, you're so dumb People so stupid,

people so dumb, people so boo-hoo, wah-wah-wah Get better

issues, we're gonna run out of tissues, it's so dumb

random dude: I'm a hater 'cause I can't relate to g@y pride? Call

me homophobic because I don't wanna date guys? 'Kay tight 😞

I, for one, I'm not surprised the world declined along the way

Giving trophies to children for losing just 'cause they decide to play

We exercise our right to vote then hate the politicians, ayy This is

a democracy, it's partly your decision, ayy 😞 This is weird, it feels

like this is a different year 🤪

Man: If I identify as a female, then will my balls and penis disappear?

Life: Children want a gender switch and hating men is feminist
Depression and anxiety are trendy, we're too sensitive

Me: Invented 80 genders, now the world is not accepting it 😞

They gave them more attention than normal women and men can get! What a contradiction, being human is so tragic 😞 Focus on minorities, ignoring all the masses 😞 Hallelujah, everyone, activism saved the planet No more plastic straws in paper Just paper straws wrapped in plastic, congratulations 🙌 People are so stupid, why are y'all so stupid? Get better problems, I swear to God that y'all want 'em, you're so dumb People so stupid, people so dumb, people so boo-hoo, wah-wah-wah 😭😞 Get better issues, we're gonna run out of tissues, it's so dumb 😞😞😞

Look I get it, it's like the world is going crazy seems like a school sh00t!ng happens almost daily 😞 the r@c!\$m, r@p3 culture, hatred that we're facing is way too ingrained for our #'s to change it we became so lazy and complacent afraid of our generation we think activism's instagramming memes and composing it's a problem when there's ACTUALLY actions you could be taking but your triggered so you just cry like a baby 😞😞

People are so stupid, why are y'all so stupid? Get better problems, I swear to God that y'all want 'em, you're so dumb People so stupid, people so dumb, people so boo-hoo, wah-wah-wah
