

Hello! Just a small yk, annoying announcement.. but a lot of ppl have been quitting of the reporting and stuff yk? But – what i have been noticing is, since (ppl) quit , (not saying who), like @fluteee, @theyl0veliv, @xx_xx, @starz124, and many much more have getting their art stolen due to the quits and more, @fluteee was my enemy, but she changed and i kinda forgave her. She bullied me back then, but she changed ok enough of “depression life story of @hellok1tty” but they got their art stolen. I use @fluteee’s style as in weirdcore, she taught me how to draw! So, that’s how i use her style, often. But it’s seriously annoying, @tinynshroom has her art stolen for quitting, idk about @starz124. But i do know since @fluteee quit, her art’s been leaked on TikTok, Youtube, and yea, but they took the video down. @theyl0veliv, i don’t know about.
