

Why is it so dead on here? You guys
post at like certain times, it's
weird, and it drives me mad, like
last year post were on here every hour,
now it's just like 3 post at 11, 2 at
12, and 5 and 6, it's weird, maybe
if I'm lucky I'll get to see posts in
the morning. Not a pressure post

*when you want! I don't care, I just
think it's weird.*
