

# Do you have a CRUSH? Bingo

they smile at you and it makes your day

you pretend that you find them annoying

you talk about them constantly

you've dreamed about them

you blush whenever they talk to you

when they get in trouble you are in denial that they did something wrong

you're afraid to embarrass yourself around them

you like to imagine that you're together

you catch them staring at you and your brain explodes

whenever someone mentions them you immediately start eavesdropping

you subtly watch them in the halls

you try to look nice to impress them

So true

No Just glance

I'm more mean than nice

when someone finds out, they try to hook you up  
but they can't here :)

you catch yourself thinking about them too much a lot

you have a hard time talking to them

you know you'll never be together  
Stay

You are mean

I added

to them and  
then are nice
