

Okay, so I learned a page but I still have another 7 lines to learn. I give up, I'm actually so tired. I'm gonna get yelled at again, and then I'll be sent to Kenya. And then I'll be sent to a boarding school where I'll literally get tortured. And then I'll come back after 2 years like last time, I'll be a completely different person but not for the better. There's gangsters everywhere in that place, I'm not gonna survive. This is the death of Ilhan.
