

so I know lots of people are being reported so I made myself a backup acc (which I recommend u guys do too just in case) so can u guys go follow @fr00ty\_100ps? I'll try to post a little bit there so u guys remember :) also I'm thinking of starting commissions so I'll post a form later this week (bc I was supposed to take commission at 40 followers but I didn't lol) I'm still sad that so many people keep getting reported for literally no reason 😭 oh well...😞 stay safe everyone, bye <3 💕
