

CONGRATS! how did you learn to draw so well?
What are some of your biggest inspirations?
Favorite animal?

I mainly have just been drawing everyday for years, but also I look at art online a lot, and take inspiration from them occasionally! My biggest inspirations are probably Scott Sava, Fungzau, alma luna, and Louixie. My favorite animal is either the Golden Tiger or fox!

Did you start drawing with digital art or traditional, and which one do you like the best,

I started with digital, only recently starting digital about three years ago? I like getting sketches in faster in traditional and water coloring. But I'm much better with lighting and colors with digital.

Yes? No? Maybe?

No :)

Can you draw anything Who's your favorite creator. What color you like. What's your favorite movie

I'm not the best at buildings and hyper realism, but good at drawing most things! For in general my favorite creator is Smallishbeans! I love dark red and sage green. My favorite movie is probably Dungeons and Dragons: honor among thieves, or The Hunt!

Do you have a tv show of any form or media you particularly like?

I love watching Vox Machina and Hannibal!

Anyways is there some other hobby you have besides painting?

I enjoy writing, reading, making + wearing cosplay, and gaming! Does playing dungeons and dragons count? Lol

What artist/art styles inspire you?

Definitely Scott Sava, Louixie, Fungzau, and Alma Luna! Check them all out on YT!

Ever read lord of the rings? Watched the movies? Favorite character?

Haven't read or fully seen the movies, but I saw a pretty good summary of all three movies. I'm a big fan of Legolas and Aragorn.

What's your favorite music?

I love Lemon Demon and AJR, please check them out!

Congrats on 100+!! 🤯😊 My question is: how long have you been doing art for? :))

Probably about for a decade or more! Likely longer but I remember genuinely liking doing art in that time.

Have you romanced anyone but Astarion in any of your Baldurs Gate 3 playthroughs?

No.
