

Ok, so update about the girl, she ended up not being able 2 login 2 her account. She is begging 2 look on my phone 2 look at gallery but ldk why that's such a big deal when she can look, at social media. I mean gallery is sorta social media but not rilly it's more of a template thing so idk why she's so obsessed with it. She drove over 2 my dorm today 😞😞 just 2 ask me a question she didn't wanna ask over text. Like what? When I saw her I didn't wanna answer the door but then she was blowing up my phone saying "im here" and "let me in" I wanted to say, "sry not at the dorm rn" but I decided to open up 4 her. Turns out all she wanted 2 say was how she wants 2 move over 2 SEU w/ me. I said, "no don't do that! U r fit 4 where u go 2 college!" And she agreed with me. I didn't think it would b that easy but thankfully it was. She acts like an immature baby. And she literally texted my bf and said can we meet 4 lunch? Like how did she even get his number!!! I feel like all she wants 2 do is copy me but then hurt me somehow while doing it. Plzzzz send prayers my way, I need them w/ her!
