

I went home but I had a task to pick up monsters for friends... Ray offers to join me.. we wear matching hats (our ushankas bc we have swag) we go to store and RAYS SIBLING AND GRADMA WERE THERE, then MY HUSBAND AND FAMILY WAS THERE!?! Then we ran off into the trees to go to the store, but then decided to go to a better store instead so we went to the trees for no reason. ThHEN we got the monster. THEN we went to the first store we were originally going to go to and Ray bought hair dye.. her hair is brown, she bought black hair dye with a blue tint so her hair will turn green soon bc that's the mistake I made before... but everyone agreed GREEN IS MY COLOUR so unless Ray fixes it I will have to shave her head and steal her hair haha. THEN we went to antique store basically and I found this old notebook in a bag Ray was trying to buy and snooped through some strangers notes.. I also bought 2 rings one had the ankh on it and the other had Chevrons which I got bc it reminded me of my OC sage- I then proceeded to loose my moominmamma pin somewhere around this

time and I am still mourning. AND THEN we went to the arcade and Ray bought some random strangers a ton of food and points bc Ray is rich and employed and just liked the people (Ray is so cool) then I left. Because it was dark out and I had to walk home.
