

Do you have a  CRUSH? Bingo

they smile at you and it makes your day

you pretend that you find them annoying

you talk about them constantly

you've dreamed about them

you blush whenever they talk to you

they have never talked to me :c

when they get in trouble you are in denial that they did something wrong

you're afraid to embarrass yourself around them

you like to imagine that you're together

you catch them staring at you and your brain explodes

whenever someone mentions them you immediately start eavesdropping

you subtly watch them in the halls

you try to look nice to impress them

Whenever I see him in the halls at school or at the end of day

when someone finds out, they try to hook you up

but they can't 

you catch yourself thinking about them too much a lot

you have a hard time talking to them

you know you'll never be together
