

Soooo ~

Since I haven't been working on the VOID comic/novel/idk anymore-

I've decided to put it aside for a while pls no kill me tomatohq ;;

Because of my recent artblock I've decided to try and start a new comic on the gallery

The cool thing is... it'll be ✨ interactive ✨ meaning at the end of each chapter.. you will have a chance to create an impact on the storyline!

Comment if I should do this, YES OR NO :)
