

**Hey marigolds, just letting you know, I am taking down the Who's your NotaBuddy note because I have to rearrange some things.**

**@albanymarin was either banned or quit and I have one more Blue Buddy I want to invite. So I will update and republish it in a few minutes. If you haven't confirmed, don't worry about it I've heard from pretty much everyone. Please comment if you DO NOT want to be part of it.**

**Also, If you have a strong desire to be a one on one group, please let me know in the comments.**

**Thanks!**
