

TRACED

Hey guys I'm really sorry but I didn't even realize I traced my Oc blossom 😞 lee found a picture of the exact same drawing done by someone on twitter. I'm really sorry guys I checked all of my old art from 2-3 years ago to see if I traced anything and I think that's the only one 😞 I'm really really sorry guys I went back and gave credit. Just to be clear I traced that ONE thing a while back when I was 12-13 because I've had blossom for a long time. I most likely traced when I'm younger and I'm very ashamed of myself I'm really sorry I'm going to redraw blossom. Please don't hold this against me because it was just 1 thing and I don't trace anymore I swear please don't make this a big deal 😞 Tysm 💕💕
