

@ ihan_a

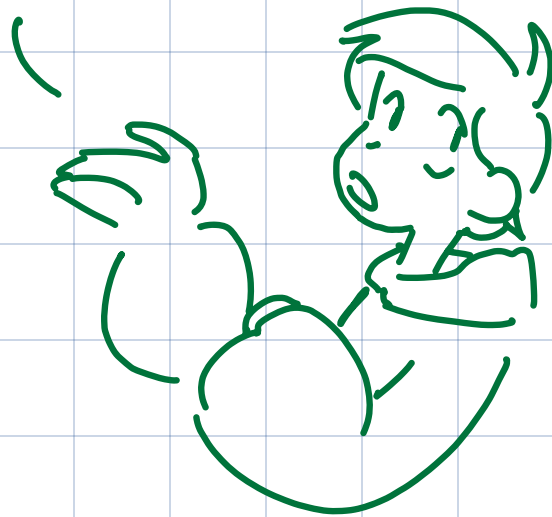

how did you get so good at rendering art?

@ Fritz rules the ratz

how do you draw with like shading and stuff

try different mediums to see what work, start with a flat base color and layer on top.

Choose a lighting direction

@ sam_cot

Where did you learn to draw?

took some high school art classes which are very good if you struggle to finish big projects

but nothing really formal

@pub_slayer

Please give me tips on how not to suck at art

@astro_247

How do you just draw better (like what would you recommend improving)

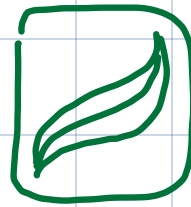

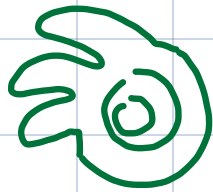

When drawing, particularly when using references, try thinking in 3D! It can be hard but very helpful

@stanky cheez

What software do you use for your 3D art and normal digital art?

Blender on a laptop for 3D and Procreate for 2D

If you wanna learn either, the best way is to go through a tutorial actually making something

@spadez

Whats your favorite series/game?

I love Portal

and Sonic

Portal 2 is best

@loxxi

monkeybear queen, the people (just me) wanna know, what was ur first impression of the gallery and how it is now?

I miss the recents tab

other than that, not much has changed

ppl complain that the Gallery is dead or the mods are crazy or there's drama

but I've been around long enough to know it's pretty much always been this way

@paintbrush

which artists on this app are your favs? and which artist (on any platform) inspires you?

@vivie_x, @ilhan_a and @cowntime
just make me happy.

artifisoap and Simon Stålenhag in general

@walnut_comics

Does pineapple belong on pizza?

yes it does
fight me

@hyabhh

CONGRATS! but I was wondering,

If Link's sword was actually a giant rubber chicken that could moon walk and his shield turned into a giant singing cactus how many intergalactic waffles would it take for him to convince a banana to join a synchronized swimming team in an ocean of melted docks?

Well, assuming the docks are all stuck at 12:00, and this is Link in Ocarina of Time the answer has to be 7

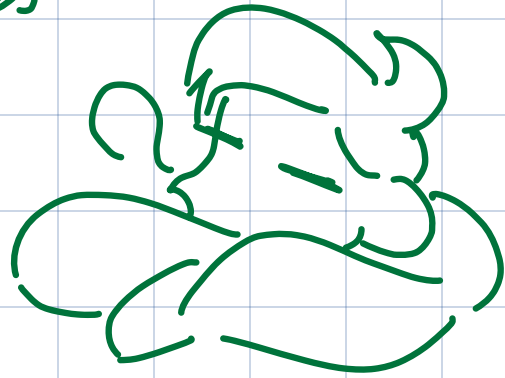

Come on give me something hard

@aponila23

Congrats!!! my question is: how do you come up with such unique character designs?

Boredom is the mother of creativity
step away from your screen,
original characters are not born from
Pinterest or references

I also don't create that
many OCs so put a lot
of time into each

@quarz

if you (theoretically) could instantly master any skill or talent, what would it be and why

flying planes would be pretty sick

@flower_field

Congrats! You deserve it! :D the question: How long have you been doing art (And how old are you?)

as long as I could hold a pencil I've enjoyed drawing

And I'm 18 so I've had time to practice

@skobyyobi

How'd you come up with your username?

Monke bear
a silly critter I made
up

+ Queen
queen of
monkeybears haha

took me like 2 min lol
