

“Its getting bad again, I’m
sorry. I love you” - Laila

I’m done

Im tried of this waiting
game, and what am I
waiting for? For her to be
free from that place? Even
if she was, she still
wouldn’t talk to me as
much as she used to.

This relationship we have
is useless at this point.

Laila, if you truly did love
me, then you would try to
be better, but your giving
up, and now I’m giving up
on you. I can’t just stay
here and wait any longer
