

Guys I need help hold_life won't leave me alone and he keeps saying he loves me maybe I should report him idk but I want to punch him man I wish I new who he was

Bro @hold_life I'm not interested and this is starting to get creepy I don't like you and I will give you 4 reason to

1. You just like me cus I'm pretty
2. You made fun of me till you shall my face
3. You make fun of people for fun
4. And I don't date desperate people

Oooo and one more f u I think that helps you if not then leave me alone and stop making fun of how epic-sans look he is not ugly you are just self absorbed and you think your better than everybody else so f u thank you good bye
