Hey. Hru?

Hi wud

Listening to a compila of all jjba openings. Wbu?

Sitting in my boring at history class

Dang that sucks. Least it ain't math like mine :p

My math is first period and that is at 07:50 I'm brain dead for the rest of the day

Bro my math is at the end of the day and history after that, and before all of that is science. So I've been brain dead for a while

Science is third period and before that I have study hall and the teacher is so dumbbbb
