

♡♡ Happy Birthday ♡♡

Dear Bid,

Although we have just met each other recently you have shown that you are an amazing person! Today you should accept these compliments and make the most of this special day! I hope you have an amazing birthday (even if you don't do anything crazy) and an amazing rest of your year. You have inspired so many people on this app - including me - so I want you to know that you've made an impact on this big world of ours.

So Happy Birthday!!

- Love Alexa ♡
