

Ezekiel Mathers →

He used to work in the psych ward, but when he got his eye ripped out, he moved to the mental institute. (He went from working with people that are psychopaths to people who are more mentally stable)

He lost his eye when a crazed patient did not want to be there anymore. She snuck a fork into her room, and when Ezekiel came to do a daily check-up on her and give her her meds, that's when she attacked. The patient's name was Rosaline Smith, also known as Rose or just "Smith"

He got really depressed while in the hospital, when he got his eye pried out, he thought he would lose his job. But instead he got moved to the other side of the building.
