

Everyone living in ghost town

Everyone buried in waste land

We don't want to

We don't have to be like that

Living in ghost town

All the boys shout it out loud now

All the girls scream it out louder

We don't want to

We don't have to live like that

Hold me back you know were never gonna back down

Hold me back you know were never gonna back down

Were dead in this ghost town

You better let go so let go of me

Were dead in this ghost town

You better let go so let go let go of me

Let go let go of me

Let go let go of me

Everyone living in ghost town

Everyone buried in waste land

We don't want to

We don't have to be like that

Living in ghost town

All the boys shout it out loud now

All the girls scream it out louder

We don't want to

We don't have to live like that

Hold me back you know were never gonna back down

Hold me back you know were never gonna back down

Were dead in this ghost town

You better let go so let go of me

Were dead in this ghost town

You better let go so let go let go of me

Let go let go of me

Let go let go of me

It's nearly over, the last train is near

And it's leaving behind those tears

These are the bad lands

The worst place to fear

Making place for the ones we left here

They're calling calling

To say goodbye

Were dead in this ghost town

You better let go so let go of me

Were dead in this ghost town

You better let go so let go let go of me

Let go let go of me

Let go let go of me
