

I'm hosting a contest!

By Jan 20, make an original drawing of what you'd imagine a dream monster to look like. It can be inspired by your dreams or something you made up!

To submit your drawing, either tag me in the description or use #mqcontest so I can see it. Or even better, use both!

Rules

- No NSFW (including gore, tho bones are fine)
- No sexualized/suggestive drawings
- No tracing/claiming other people's art
- I know it's a "monster" contest, but don't make it too creepy! No hyper-realistic teeth or something idk what you weirdos will come up with

There will be a prize for 1st place and Judges Choice, to be determined once I know how much time I'll have. They'll both be drawings so no cash sorry I'm broke

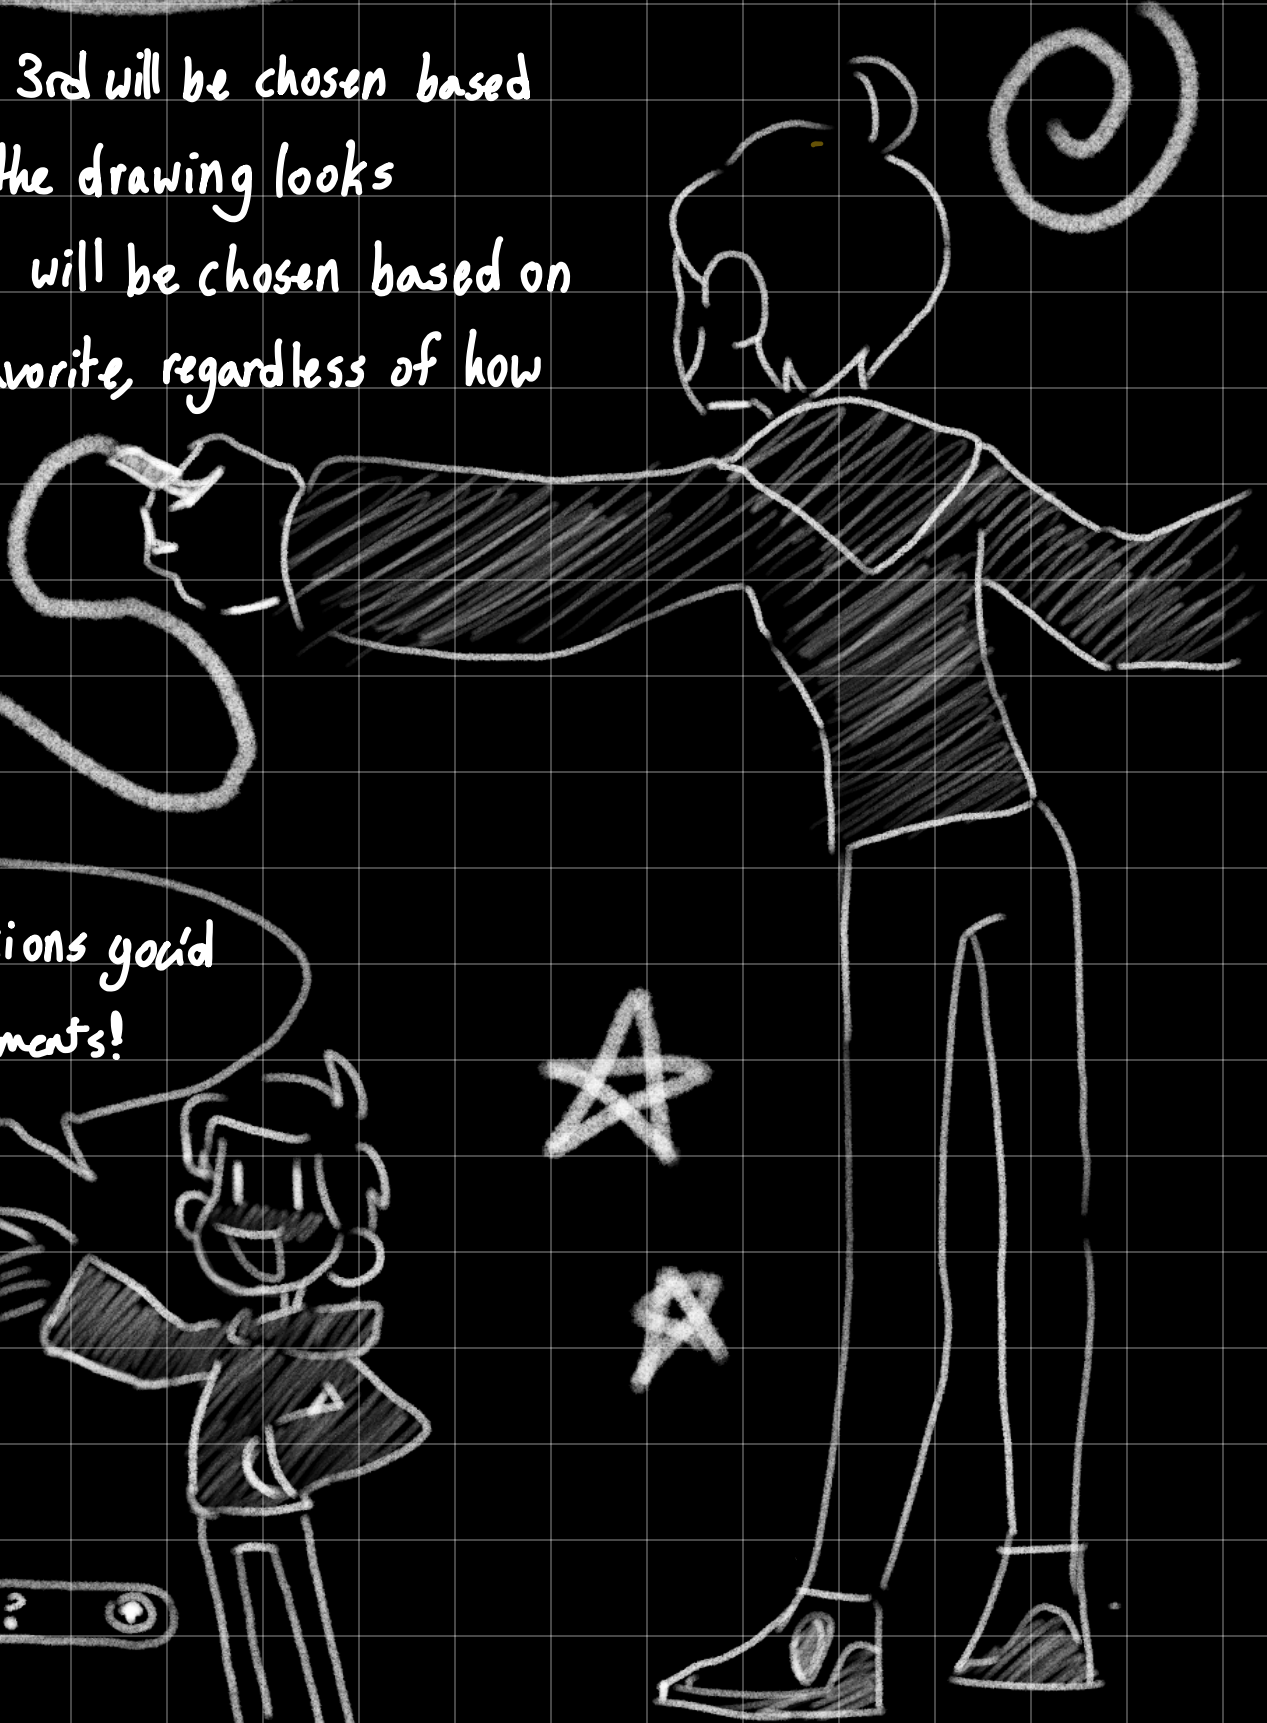

1st, 2nd, and 3rd will be chosen based on how good the drawing looks

Judges Choice will be chosen based on my personal favorite, regardless of how good it looks

Ask any questions you'd like in the comments!

Where's my money?

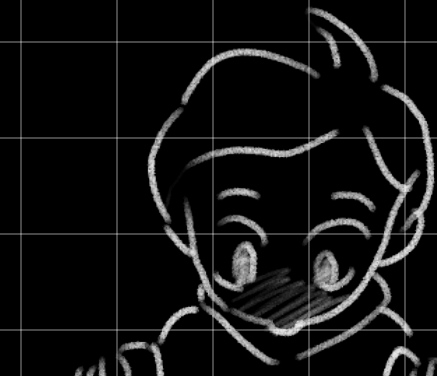

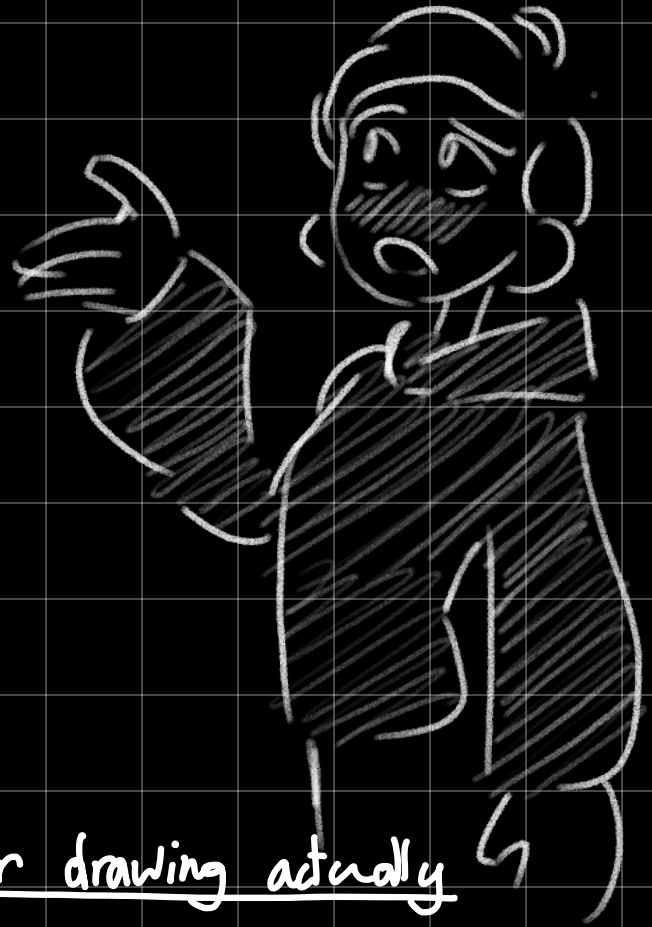

Lastly, if your note gets held for review, it means it will get quarantined and never posted! No confirmation on what's causing this but I suspect the Gallery has started using AI to review notes meaning more mistakes are made.

Tips for not getting reviewed so your drawing actually gets posted

1. Don't draw on another platform and submit as an image
2. Before posting, select your drawing with the select tool and tap "group"
3. Don't add links
4. Don't use a lot of text
