

Guys. Guess what? I have two new besties. Taylor Hart and Katie Wilson (@tessdarby21 and @gymnasticsforever)! There's this girl named Tasha, and she was my bestie, but she totally dumped me. (See my other note Bestie Breakup for the details) Now, I have Katie and Taylor. But we're not a group of 3, Taylor is in another "group", but she still my bestie. And then there's Katie, I'm in a group with her. And there's this group of girls named Tasha (new to the group), Bryleigh, Tenley, Claire, and Brooke who absolutely torment me and Katie. They're always making fun of us and calling us stupid, but we just ignore them. But I HATE them. They're so rude! And even if they're on Notability, I really don't frickin care!
