

# I am offering...

I am offering you happiness, i know it doesn't sound like much  
But its very valuable.  
The happiness i give you feels like then first taste of summer after a cold winter.

I am offering you happiness, and hopefully its enough for you.

You might think that your happiness isn't that important,

But to me it means a lot.

If you're ever down

Call me and i'll lift you up

When you count to three i'll be there in two

Don't ever doubt that i wont be there for you

Because no matter what i'll be right by your side.

No matter what happens between us, your happiness is my priority.

Even when it feels like we are drifting apart

I'll always be there for you.

Even when life gets difficult and hard

I promise to be there for you and make you happy.

Even when i'm not happy i'll try my best to bring you happiness.

I'm offering you happiness, because when my life was filled with black clouds and storms

You offered me happiness

I love you so much.
