

Hey everyone. It's been a while. I don't doubt that you've changed, as Wolfe has.

Change isn't necessarily bad though! In Wolfe's case, she's just playing HSR too (she's still "not-so-local Genshin fan" lol). She's also using actual art apps now. She has a Tumblr account too! ↓

Right now Wolfe is working on two pretty detailed fanart pieces so she's not here much. But she'll be back soon (hopefully). ↓
