Please note this paper is for entertainment and (as much as possible) **accurate** news, so I'll try and keep my personal opinions to myself, and share the ones of those involved. I'm happy to work on the papers again, and enjoy this spooky season issue!

# Saiki K!

(Had to get coffee jelly so he'd even consider showing up)

Saiki  
↪

Featured Fictional Character #1:

Name: Saiki Kusuo

Show: The Disastrous Life of Saiki K.

Where to Watch: Netflix

Plot: A high school student with psychic abilities who tries to live a normal life while avoiding attention

Genre: Comedy

My Rating 9/10 (loved the show and characters, made me laugh. One of the only comedy anime's that made me laugh)

# Countless Comics:

As you all have probably noticed, there has been a massive increase in comics, well, comic signups. Many people have signed up for all these comics, but the real question is, will the creators follow through and actually make them? Of course, there has already been some that have started, like the Occult Club (@unicorn0), among others! So make sure you look out for all the new comics people have made signups for!

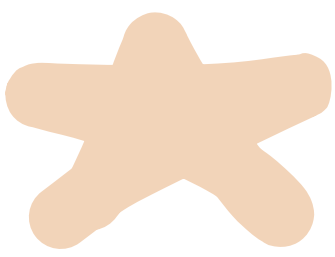

# October Fun:

It's an amazing October, the spooky season bringing much inspiration. But for some people, they may not get the motivation, incentive, or even ideas on what to draw. Well have no fear! @ajax\_the\_salmon has made an October prompt list, going all the way up to October 30th. Use the tag #octobermonth to see all the amazing art some people have already done!

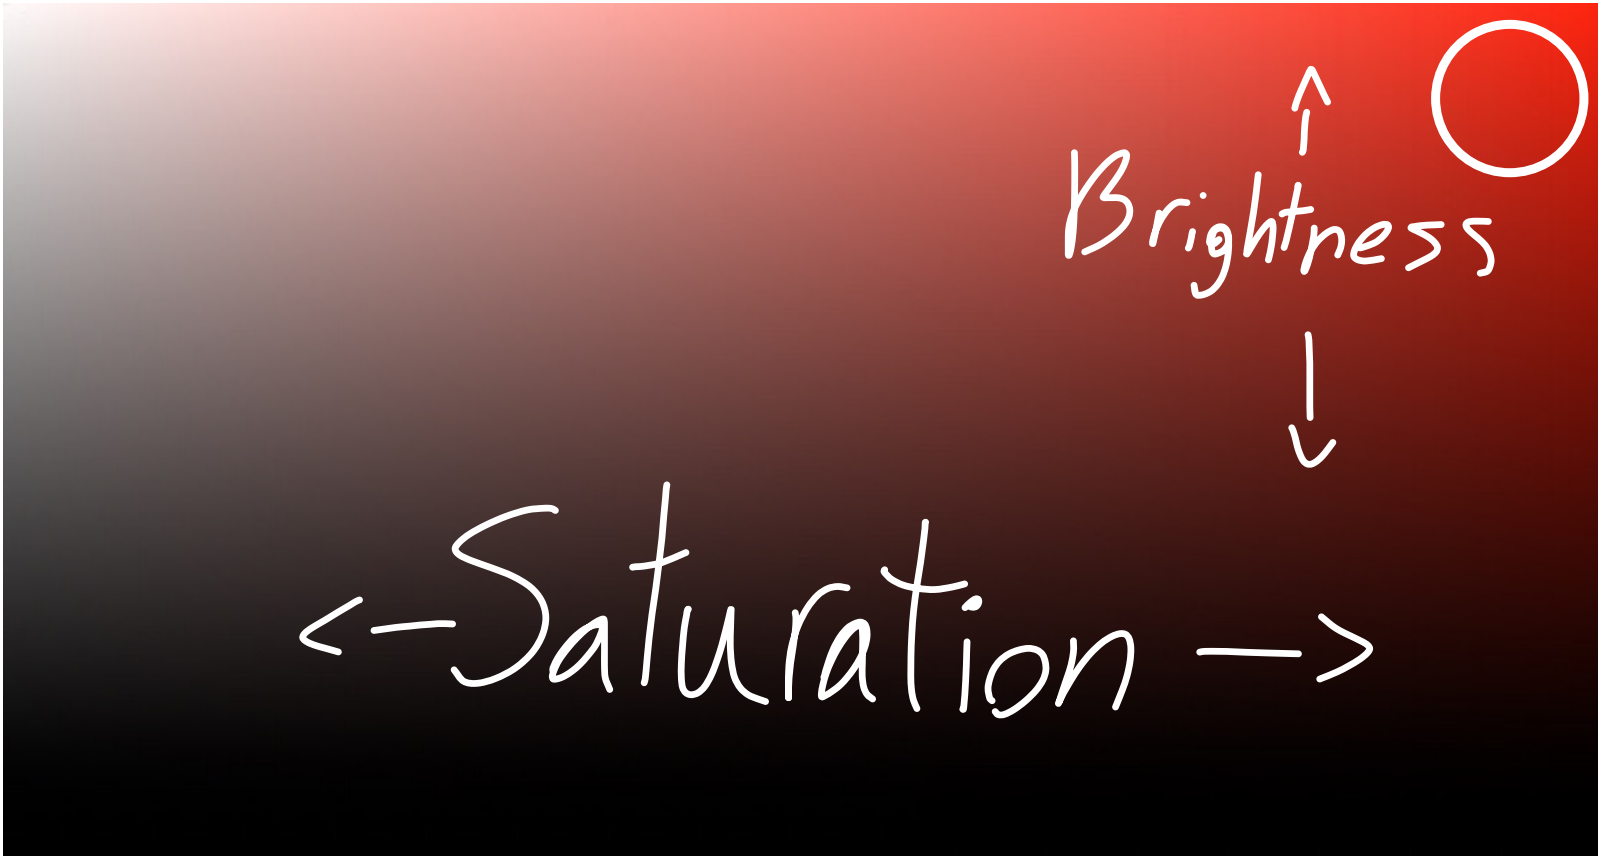

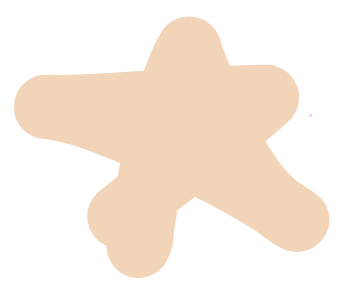

My own prompt ideas:

- Drawing inspired by 2 sentence horror
- OC in your fav horror movie
  - Scary Folklore creature
    - Wendigo
    - Baba Yaga
