

@miri_miri stop bringing her life into this argument! It doesn't mean she can trace just because she has a terrible life outside of notability. Ur just making it worse! And we aren't pressuring her, nor did we want her to leave. Just stop arguing and stop making it worse bro. And, it doesn't even make any sense. Why would she trace just because she has a bad life? And if her brother died, why would her parents ground her right after. Just plz stop. Ur making everything worse.

I don't want to waste comments so I'll just post it. I totally agree with this because, not just me and Mikah, but everyone else that's involved in this, has not harassed you coffee. We just wanted you to either give credit for the stolen art or take it down. You are making everything worse for everyone including yourself.

Uhhh, is tracing for a school project allowed or no...?

Of course.
