What is the dragon club for?

Each person to join will get there own dragon(design yours on the next page)
Dragon club will let you show your true powers shine, once/if you get into the club you will be given a power and element. If you pass dragon club you can level up to Dragon Academy.

Why do you want to be in the dragon club:

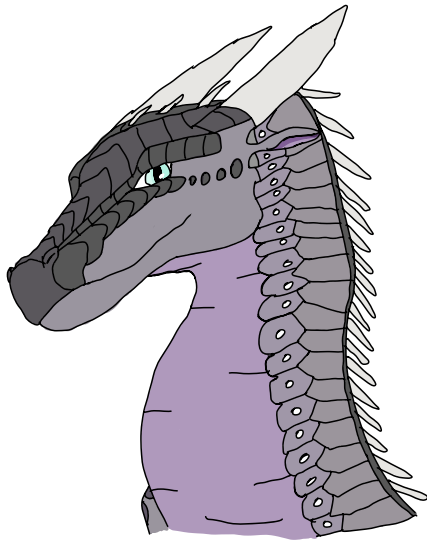

Because I love dragons in general, most of my ocs are dragons from the Wings of Fire series. I think it would be fun to be in a club with others who like it too!!

What element out of WATER FIRE EARTH AND AIR would you like and why?
I prefer water. My OCs mainly breath fire though. Water is the element I like the best because its so diverse. it can be a swirling storm one moment and peaceful the next.
