

*I'm like Beethoven with the bass on him  
Made classic hits, I went pop  
Deaf to the hate, I won't stop  
Unless you're talking keys and scales, I won't drop  
You don't even need a scale to know I'm on top  
Me and Mozart got bars, we got bops  
Heard you writing Tiffany a whole symphony  
You a simp to me, but go off  
All we make are masterpieces, Fur Elises  
Gon' hit like rump-pu-pum-pum  
Y'all a 5th of me like the symphony  
Your careers are dun-dun-dun-done  
I'm like Beethoven with the bass on it  
Ain't have to spit to make bops  
Made the Oprah pop when that 'Toven drops  
Singing like na-na-na-na-na-na, na-na  
Dropped centuries ago and still on  
Presidential drip from G Washington  
Shout out to him, that wig strong  
If you think you're playing me, you need major keys  
You're still minor leagues, ya ain't Bron  
Dissed Mozart in that one chord  
Now he wants smoke, so it's on  
Call me dramatic, guess they ain't wrong  
Deafened to the hate and fake, and that's law  
That classical brings that capital  
I just copped Napoleon ones  
Riding with my stallion and I'm gone  
Got more hits than mama gives when grades come  
Gotta get the plague to be sick as us  
99 problems, my pitch ain't one  
You ain't toe to toe with 'Toven  
The next Johann, call me 2Bach  
Constitutional drip on 'em  
A major G, watch your tone here  
You're candle lit, I'm sun glowing  
I ain't got the time, message pigeon prime  
Just to get the bars fly on 'em  
10 dollars a show, I'm rolling  
And if Mozart comes at me with the diss track  
Got quick hands that can really get his wig snatched  
Note for note, key battle, you can risk that*
