Taylor Swift

He looks up, grinning like a devil
Cherry lips, crystal smile
I didn't have it in my self to go with Grace
You stand with your hand... (if you found something else here pls tell me)
No, nothing good starts in a getaway car (I think it's right)
And I can go anywhere I want just to be alone
I take this magnetic force of a man
Don't blame me, love made me crazy
I'm right where I want to be
Wearing a glove shaped like a pastry.
Used to be scared of ghosts (?)
It's me, HI I'M THE PROBLEM IT'S ME 💜
Can I go were you go? 💜
I'll take my time are you ready for it
I replay my footsteps on each stepping stone
Losing him was blue, like I never know
Now we've got problems
Ask me what I've learned from all those years/tears
So it's gonna be forever/alright
When they said speak now
When we're on the
But when you think I'm not telling u the last ones!
