

I'm really bored and I wanna see what comes out of it!!
Tbh my OC is kinda hard to draw...

Golden feathered wings

Black wolf ears

White wolf tail with a black tip

Long white hair with bangs, fades to hot pink at the tips

Blue eyes, fade to aqua around the pupil

Slender build

I gave my irl friend a pencil drawing of this OC and told her to draw it in her own style, and it looks amazing! I'll post it later.

Feel free to remix this!!
