

Hi guys! (Sorry for typing again, I am really lazy to get my Apple Pencil from my bag 😓)

I really want to launch a Webtoon in 2025 (hehehe my new goal) and I have no OCs or even a storyline. I thought that a historical comic would be really nice to make because I haven't seen much and I really like drawing old clothing styles >:)

So, you get to choose the time period! I have some ideas below and you can also comment some other suggestion! I will try to add snippets of each time period you choose (it will be little Easter eggs hehe), if it's not gonna be the main one! Or I'll draw your OCs, with your permission, of course.

Ideas:

- 💡 Musketeer times (idk when that is)
- 💡 Medieval
- 💡 1700s (really poofy dresses and huge white wigs)
- 💡 Victorian era (early, middle or late)
- 💡 1980s??? (Man the hairstyles are sooo pretty)

Hope you have a great day and drink, if you haven't 🚰 stay hydrated!
