

As I lay my head on Sin-U's shoulder he jumps up and walks to the kitchen and grabs a water. I wonder why he didn't want anything from the store, I mean anyone will take that offer. I look at his hair "did you get a haircut?" I asked him. "Yeah, it was getting pretty long" He said with a smile on his face. I love his smile it's so cute. He comes back to the couch and lays down. I lay my head on his chest. "You're so cute" he said. I was going to take a nap until I remembered that I have to buy groceries "OH CRAP" I yelled out, "what happened?" Sinny said. "I forgot to buy groceries for my sisters party!" I said. "Your sister is going to have a party?" Sinny asked, "Yes she is and it's probably going to end up being a disaster. If you want to come over go ahead, but if you want to I'll stay here with" I told him. I left and walked to the grocery store. I walked in and saw Way-Len, I looked down and grabbed a basket. I walked over to the aisle of snacks, I grabbed all the snacks I can find "Hey You!" Someone said from behind. I looked behind and saw Way-Len, I'm so glad he is here, I want to punch him so badly. But i have to keep myself together. "What do want" I told him with an annoyed face. "Why were you at Sin-U's house today?" He said putting his left hand on my left shoulder, "I told you it was for the dog" I said looking at his left hand. "You're lying, you went to sleep over at his house didn't you" he said making left hand down to my hand. "So what if I did?" I said smacking his hand off, of my hand. "I at least didn't abuse him unlike you" I began to say. "He told me everything you do to him, I might as well tell him what you did to me the first time we met" I finished telling him. I walked away and went to the hygiene aisle. I grab a box of pads for Vera "Excuse me young man" I woman said. I'm guessing by the looks of her she is in her early 30s. "Yes ma'am?" I replied. "Will you be a kind soul and help me grab diapers from the baby aisle. I nodded and followed her to the baby aisle. "How many boxes of diapers do you need?" I asked her. "I only need two boxes" she said. I grabbed two boxes and gave them to her. "Thank you" she said with a smile on her face, she walked away. I walked back to the hygiene aisle and grabbed toilet paper and some hand soap since mum said we needed more before she left. I walked to the cash register and paid for everything. "That will be 80 pounds sir" the cashier told me. I paid and and walked away, I looked at the receipt and walked away. I have a weird habit of looking at the receipt after I buy groceries. I

know everything is in the bags but I always have to look at it.
