

Our parents were saying nice things to us because it's Valentine's Day

And you wanna know what they said to me?

"Behind that wall you put up to keep your emotions hidden, you actually really love us!"

BEHIND THAT WALL, MOTHER AND FATHER, I AM TRYING EVERY DAY NOT TO TELL YOU HOW BADLY YOU HANDLED ME COMING OUT TWO YEARS AGO. I'm trying not to list out every wrong thing you've ever done to me, everything you've done that got me here, balling up my hatred for you. You may think that I'm a good Christian kid who loves her parents, but i assure you, i hate every breath that has ever come out of your mouth. You are homophobic parents who don't know how to accept your children for who they really are

You have failed me, and i will never forgive that.

Hugs and kisses,
Your daughter
