

Who also has a valentine 🙋🏻😭😭? Barley any of my friends are getting valentines this year and they are mostly just single as a Pringle but honestly I feel bad Tinkeys 😭. But I'm soooooo excited to see my crush tomorrow and ummm his code name is Alvin

○ (from Alvin and the chipmunks). I've already made wallpapers lk lk. I'll show that when we hit 30 followers plus MORE UPDATES! I have to wake up at 5:30 am tomorrow cuz of school I have to get there at like 6:15-6:20ish and it's 11:06 pm rn sooooo ima have to go to bed soon if I can. I will send y'all a list tomorrow of the updates that will be coming once we hit 30 followers!!! But..... ALSO why in the heck did TikTok get banned in the first place if it was going to come 12 hours later. And why in the heck is Duolingo not giving my eyes a break from all of that stuff. I have a new baby brother and he was born last week and he is absolutely adorable 😍✨✨. I'm hoping to get all of my homework done cuz I keep on getting distracted soooo yea. My plan hopefully is to get it finished by tomorrow! And is nobody going to tell me why Wicked was just pure terrifying the end. I felt like Glinda feels bad in all but I feel like she needs to get her nerves up and step up for Elphaba because in the freaking beginning she just acted like Elphaba isn't her friend anymore. When really lk her face and lk she is still wanting to be friends with her but she is just acting like she is a total bust and a maniac. But all of us could see the pain in her eyes. I just want pt 2 to come out nowwwwww 😭😭😭😭. I actually thought the wizard was nice and everything was going to have a happy ending but I forgot there was a pt 2 and the fact that the WIZARD and Miss Whatever her name was BETRAYED the animals and betrayed ELPHABA! Elphaba honestly never deserved that.... She deserved a better life with better things instead of people just making a huge deal about her skin color. And using her for powers is absolutely ridiculous. **Soooooooo yea anywayssssss!** Well byeeee Tinkersssssss!

Let's reach 30 followers 🥰🥰🥰🥰
