

Heyyy guys, good morning, good afternoon, good night!

Today no update on on 🥥 but a story time from yesterday:

Yesterday I had one lesson less than everyone else in year 9 but after school i am a tutor for a boy in year 6 🧐

So actually i have music lesson on Thursday in the last lesson but our teacher is not here for like 3 weeks now. Dunno what happened to him 🙄

Thats why i had to wait for an hour

So a friend of mine asked me why didnt just join her clas in chemistry and actually i dindnt wanted to but after a while she convinced me to join

Also in her class there are two close guy friends of mine cuz they were in my old class.

Then the teacher came and my friend went to the front to ssk the teacher if i could possibly join the class for today. But then one of the guy friends, lets call him 🍏, saw that i wanted to join their clas

then he was like: "HELLO MS. RICHARD I HAVE A TOP A STUDENT FOR YOU. IT ISNT A PROBLEM IF SHE COULD JOIN THE CLASS FOR TODAY IS IT?"

He literally shouted 🤦 and it was kinda embarassing but not that much cuz i know lot of people from their class.

I learned some new things and 🍏 wrote a f...ing poem about how he feels abt chemistry and PRESENTED THE POEM RANDOMLY IN CLASS!?

But yeah that was it nothing more 😊

Hope y'all have/had agood day

love you 💕 ✨ ✨
