LEMON

ORANGE

Lime

grapefruit

To use these colors, click on the pen icon,

Swipe over on the colors until you see the plus symbol,

Click on that plus button, and it will take you to a page that looks like this:

#FFFFFF

Click on the image that looks like a dropper ,

#FFFFFF

And drag it over any of the colors that you want. When your cursor is over the color that you want it should look like this:

Lime

Click on the check mark, and your color should be added to your palette for you to use as both a highlighter and a pen!
