hearing about
me!

So, here's
my backstory!

I played the violin a LOT as a child

Due to society ranking

My mother preferred my sisters much more

And my father was human, he had to stay inside all day

I mostly just trained for the Academy until I was 20.

I finally joined the Academy.

It was lonely and taught me how miserable
Drow are

I Graduated at 30

prepared to be my family's weapon master

My dad was growing old quick

because he was human

My Mother tasked me to take him to see the sun again.

We had fun, this night
was just

before we
returned

I left for
only a
moment. I
to see
him
brutally
gorged on

I broke my oath to
my mother. I could never
return

Else I am
punished
severely

In 2 years, I altered
much of
my
appearance.

I now
earn
my
keep
as a
Violinist
