

Does anyone else remember old clownclub? Or old Liam's circus? I know it's weird to call it old, since it hasn't been around that long, but I kinda really miss it. I remember when we were just a silly lil club doing silly lil club things. Do you think we should do more clownclub things rather than Liam's circus? (Yes, they LC originated from clownclub, but I've seen less and less of our silly old content. It's gotten too intense and dark nowadays!)

Vote in comments below. (Yes, there will obviously still be LC content, I just thought we'd do more of the old clownclub stuff.)
