Also, YESS! I would love to play Genshin + Roblox w/ you! My Genshin server is U.S.

Do you have any app I could text you my users? I have Discord, TikTok, Gmail.

Thank You sm!

I have discord and TikTok, don't remember my discord user soooo, my tiktok is in the most of my recent post and I have the server in Europe:c but we can play Roblox, actually my genshin US account is in ar.10 so 🐱😭

Lol I got your tiktok user but I am in school rn 😞😞👋 I only use the U.S. server, which my account is AR50. What AR level are you on your Europe acc? Also what's your main/team? I use Xiao, Kazuha, Yanfei, and Albedo/Noelle.

I'm ar 50 with some experience and I use Tartaglia(is my main, literally enter in his last banner, not the actual one, I got him since ar 11) Zhongli and it can variety but normally bennet and Yanfei.

Your lucky you got Tartaglia 🥺 + Zhongli too what

Anyways is your TikTok account the one with a cat pfp on it? If it is, I will follow you.
