

Mysterious Shop

You find yourself in a dark and sketchy ally. Suddenly, disturbing the silence, a deep voice calls out, "Over here". After careful consideration, you decide to follow the voice. A mysterious figure approaches you and right before your eyes appears a shop. After finishing with the shop, go to page 2.

???'s shop

your current balance: \$50

don't forget to change the balance when you buy, lose, or win money

You get teleported back to your homeland. But according to your end balance, lets reveal what happens next,

$-\infty - \$0$: The next day, you fall into a hole with the rats and work for them for eternity

$\$1 - 10$: You end up getting betrayed by the first person that pops up when you press share -> more and got sold to work for a random dude for the rest of your life

$\$11-30$: you work for people by cleaning up their dog's feces

$\$31-50$: you work at mcdonalds

$\$51-60$: you work as a teacher

$\$61-80$: you have enough money and live a normal life

$\$81-100$: you have lots of money and live a happy life

$\$100-\infty$: you have the best life in the world and you have 100 servants

So, how'd you guys do? Let me know in the comments!
