

# Noah Steiner

Patient #24653

age: unknown

gender: Male

Species: Daemon/unknown

AUSTRALIAN

Noah Steiner was an orphan the moment he took his first breath. His mother died at birth and his father was a drug addict. He was kidnapped by the LFLC and was put into captivity. Pretty new and doesn't know anybody (not that he cares to meet them.)

(Yeah, not a lot of info on him yet.)
