

Day in the life of meee (I love writing these... comment if u like reading them)

So. In health class we have to make a video about stress. And I asked the teacher if I could do it in the hall with my friends. And guess who was out there. Cantaloupe. And it was so embarrassing taking the video when he was taking a video too for health. Ugh

I took a pic of cantaloupe in the yearbook last year and set it as my wallpaper. He was so freakin cute. Everyone thinks he is ugly, and I'm like HUN WHO DO U LIKE AGAIN? ugh

The kids that like me have been avoiding me. Thank god. One of his friends was trying to get him to talk to me. Like bish get outta here.

Today is a half day at school, cause of some team of ours (might be football, idk) is going to state.

I am going hunting this weekend and I am so exciteddddd. I love hanging out with my dad!!! I hope I shoot a big buck!

I had art club yesterday and it was so fun!!! I wrot I l9ve cantaloupe on my hand multiple times. Then I wrote his name multiple times. Then I wrote c+c. Then I watched him play basketball. Non creepily

I feel bad... I have like no drama at all. Well, I will next week. Imma ask cantaloupe for his number on Monday. Becuase if I ask him on Tuesday that is the day before break. And if I ask him on Monday he is forced to answer. Do you guys have any tips on how to make ur crush like u. Or how to ask for their number. Because he is semi popular and I really don't wanna embarrass myself. 🙏
