

Ur (not so) local Genshin fan is back ☺

deep breath

"AHHHHH" *screeches in excitement bcos I'm weird*

The Stellar Moments Vol.4 came out and I have been listening to it on loop (Fontaine character themes are rly good)

Anyways I did more eye drawings but Notability is mean and won't let me publish it :(

I wrote a 260-word Genshin fanfic/fan poem thing and sent it to my 2 irl besties, now one of them wants me to write a similar thing with HSR's Himeko so yea
