

I can't take it anymore., I want my mom gone I want her dead. She says I'm fucking stupid or autistic. I don't see anything wrong with being autistic but my mom calls me it because I talk back, or just being alive she always compares me to her friends child's " omg look solo's child looks so handsome! He knows how to dress and his hair looks nice why can't you look like him? Or " solo's son doesn't talk back, he reply's w yes ma'am, no ma'am when his mom tells him to do something he does it without saying a word! Why can't you be like that victor? Are you autistic or some sh!t? Or are you just stupid. You should be put in classes for autistic people bc you act autistic or is it because your gay and dating that max boy.
