

Erie: *ahem* hello everyone! I'm here to say... **Qibli** is launching a new script!

Qibli: that's right! I want **you** guys to give me your ideas/characters!

Samcat: No.

Qibli: what I meant, **samcat**, was you NAME the character you want. This would be a non-interactive thing.

Samcat: ok so like Gabriel from Ultrakill?

Gabriel: I have no problem switching dimensions.
