# △ Not a Real Song △

I thought of this song randomly.

So I decided to make a little photo for it, and I will always see people drawing really cute skeletons. Then I decided to make it myself and try, and I thought it turned out really well. I can make up lyrics for the song but right now I am unable to because I spent like four hours on the drawing erasing and redrawing it. Maybe I can do that a different day. Hope you like it!!!
