

Addressing the 'drama' between me and Kad, guys... it's so obviously not real 🙄 some people are attacking Kad and flagging their posts! I follow Kad, I have them in my bio, I have posts about them with drawings of their oc, and I've mentioned so many times that I'm friends with Kad irl lol. I thought everyone could tell through the excessive use of emojis and elementary language that all of this was fabricated. Plus, the entire 'situation' was just about me spelling Kad's username wrong like @oaddraws and @laddraws, something very harmless. The 'evidence' was just screenshots of two friends joking around. Sorry if we caused any distress, we didn't mean for so many to take it to heart!
