

Ever since whatever his name is came to the U.K he has been hogging Sin-U, and that makes me feel a little bit jealous. “ooo, someone is jealous” Vera said in a annoying childish tone. “Just shut up Vera!” I yelled at her. “Jeez, you are obsessed with him” Vera said in a serious tone this time. As soon as I got home I ran up to my room and slammed the door so hard that my bookshelf fell, I picked up the bookshelf and sorted out all the things by color and shape like before. I looked at my maths homework and threw it away. Why do I even need that no matter how much I try I won’t be good at anything at all. I looked at my phone and saw a text from my boyfriend I looked at it and it said that “we should breakup” reading that somehow made a sharp pain on my throat go away. “Oh, ok whatever” I replied and I quickly blocked him. No more pain for me, I opened my window and sat on my roof. The cool breeze felt nice on my face, I took off my shirt and felt relieved. “HEY APOLLO” a familiar voice said from under my roof. I looked down and saw Sin-U. His smile made me feel so warm that I almost felt like fainting, “wait down there” I said, I quickly went in my room and grabbed a rope. I slowly let the rope down from my roof so it won’t hit his darling porcelain face. “Tie it around your waist and hold on to the rope I’ll pull you up” I said quietly. “Ok” he said with a smile, he proceeded to tie the rope on his waist and he tugged on the rope letting me know that he is holding on to it. I pulled slowly pulled him up, I held out my hand to pull him up fully. We made eye contact and I felt like kissing his pink lips. But he has a boyfriend, “why did you leave me? You know, he was just joking by the way” Sinny said “yeah, but I was having a headache and I was really tired” I replied casually. “Oh! Understandable” He said. I blush, he is such an understandable person. Man I love him so much, he leans and I lean in as well. “You have something on your cheek” he said as he moved away taking a piece of a broken leaf. “Oh! Thanks” I said with a believable fake smile. It was dark outside so we stayed quiet and looked at the stars. The night sky was packed with stars, we were laying on the roof. I looked at him and he looked at me. He puts his forehead on mine, “you’re such a good friend” he says with a smile. “Oh, thanks” I said with a smile. I feel like I’ve been shot in the chest twice, we talked for a while until he had to go I let him down and he walked to his house. I get inside and close my window, I shower, dry up, and change. I go to sleep since I have to go to

school tomorrow.
