

- Your secrets are always safe with me. I never even listen when you tell me them
- Someday you'll go far. I hope you stay there
- We're you born stupid or did you take lessons
- The people who tolerate you on a daily basis are the real heroes
- It's kinda hilarious watching you try to fit your entire vocabulary into one sentence
- I will ignore you so hard you will start doubting your one existence
- I'll never forget the first time we met. But I'll keep trying
- I thought of you today. It reminded me to take out the trash
- Stupidity isn't a crime, so your free to go
- Too bad you can't photoshop your ugly personality
- You see that door? I want you on the other side of it
- Your more disappointing than an unsalted pretzel
- Your face makes unions cry
- Your not stupid! You just have bad luck when your thinking
- Isn't there a bullet somewhere you could be jumping in front of?
- I'd slap you but I don't want to make your face look any better
- Everyone's entitled to act stupid once in a while, but you really abuse the privilege
- Your family tree must be a cactus 'cause you're all a bunch of pricks
- Somewhere out there, there's a tree working very hard to produce

oxygen so that you can breathe. I think you should go and apologize to it

- You look like a 'before' picture
- Calling you an idiot would be an insult to all stupid people
- Good story, but in what chapter do you shut up?
- There are some remarkably dumb people in this world. Thanks for helping me understand that
- You're about as useful as an ashtray on a motorcycle
- You need a kiss on the neck from a crocodile
- May both sides of your pillow be uncomfortably warm
- I've seen people like you before, but I had to pay admission
- I was hoping for a battle of wits but you appear to be unarmed
- I could eat a bowl of alphabet soup and poop out a smarter statement than whatever you just said
- You fear success, but you really have nothing to worry about
- If you're going to be two-faced, at least make one of them pretty
- You are proof that evolution can go in reverse
- Hey, you have something on your chin. No, the 3rd one down
- Don't be ashamed of who you are. That's your parent's job
- You're about as useful as a screen door on a submarine
- I believed in evolution until I met you
- Unless your name is Google, stop acting like you know everything

- I envy people who have never met you
- You're impossible to underestimate
- If you were an inanimate object, you'd be a participation trophy
- People like you are the reason God doesn't talk to us anymore.
- I hope your wife brings a date to your funeral
- If genius skips a generation, your children will be brilliant
- I don't have the time or the crayons to explain this to you
